# Assessment Criteria

3.1 *Assess* the knowledge and skills required for a management and leadership role

3.2 *Evaluate* the factors that impact on the selection of communication techniques required to be effective in a management and leadership role

3.3 *Analyse* the behaviours required to be effective in a management and leadership role

# Level 5

- **Assess:** Provide a reasoned judgement or rationale of the standard, quality, value or importance of something, informed by relevant facts/rationale.
- **Analyse:** Break the subject or complex situation(s) into separate parts and examine each part in detail; identify the main issues and show how the main ideas are related to practice and why they are important. Reference to current research or theory may support the analysis.
- **Evaluate:** Consider the strengths and weaknesses, arguments for and against and/or similarities and differences. The writer should then judge the evidence from the different perspectives and make a valid conclusion or reasoned judgement. Apply current research or theories to support the evaluation when applicable.
